Dear Commissioner:

Via preliminary amendment for the captioned application, please amend the application as follows before examination:

In the Specification:

Please add line numbering as shown in the substitute specification enclosed.

In the Claims

Please add line numbering as shown in the substitute specification enclosed.

REMARKS

A Substitute Specification is enclosed herewith that adds line numbering throughout the specification and claims of the captioned application, which were not included when originally filed. This Preliminary Amendment is being submitted within three months of the filing date and therefore Applicant believes no fees are due.

The enclosed Substitute Specification contains no new matter. In addition, under 37 C.F.R. §1.125(b)(2), numbering of the paragraphs is not considered a change that requires a "marked-up" version of the specification.

The Examiner is invited to contact Applicant's attorney at the number below if there are any questions.

Respectfully submitted,
